

Asset Field OfficerState
water

State Water is an innovative, medium-sized water corporation that services regional NSW from 42 locations throughout the state. We are currently looking for an Asset Field Officer based at Keepit Dam for a period of 12 months.

About the position ...

This is a fantastic opportunity to join a dynamic and dedicated team. You will deliver day to day maintenance and service activities for water infrastructure assets and river systems.

About you ...

You will have demonstrated experience or the ability to learn skills required to undertake maintenance, monitoring and operations of water infrastructure and associated services; an ability to implement safety and emergency plans and procedures; ability to work as a team member; adequate verbal and written communication skills and the ability to meet the compliance requirements of the position including being comfortable working with water, confined spaces and heights.

Remuneration & benefits ...

For the right person State Water can offer the opportunity to develop broader skills in this critical industry. A starting salary of \$42,880, plus 9% super and 17.5% leave loading. Working a 9 day fortnight !
