

PIAN CREEK REPLENISHMENT FLOW

23 July 2010

The current unregulated flows within the Namoi Valley are being utilised to satisfy the Pian Creek replenishment flow required under the water sharing plan.

Dependant on landholders exact location stock and domestic supplies will be available to be extracted over the following three weeks.

Customers and landholders are advised to ensure that stock and domestic supplies are satisfied during this time.

For further information regarding water delivery please contact:
Mary Fielder (02) 6799 6641.
